Vol. XX. WORCESTER, MASS., APRIL, 1920. No. 2

FOREWORD

The purpose of the Alumni Bulletin is to afford a medium through which College affairs that are of interest to the Alumni may be brought to their attention.

DIAMOND JUBILEE CELEBRATION

It had been the intention of the Faculty and Alumni before our entrance into the war to have a fitting celebration at the June commencement of last year of the seventy-fifth anniversary of the College's foundation. But it was decided "to postpone the proper celebration of the Diamond Jubilee of the College till more peaceful times will warrant the holding of such a noteworthy and joyful anniversary."

When the plans for the celebration were again taken up for consideration this year, it was the opinion of many of the Alumni that, as the proper time for the celebration had passed, the enthusiasm and spirit that are necessary to carry through such a celebration would be lacking and that some fitting occasion should be awaited to bring together the Alumni and friends of the College for a celebration that would be worthy of the College and its traditions. Such an occasion seems to be in sight in the dedication of our new Memorial Chapel.

MEMORIAL CHAPEL

At a recent meeting of the Alumni a suggestion was made and enthusiastically approved of erecting a memorial chapel in honor of Alma Mater's brave and noble sons who made the supreme sacrifice of their lives in their country's cause. This proposal is particularly timely, because a larger chapel is the chief desideratum at present. Besides, all concede that we should not allow our heroes to go unhonored, and everyone must admit that the most appropriate memorial of our dead is a

chapel where a clean oblation will be offered daily for the repose of their souls and where generations of future students will be inspired to noble deeds.

MEMORIAL CHAPEL FUND

Letters were sent to the Alumni inviting suggestions as to the advisability of combining the Diamond Jubilee Fund and the Memorial Chapel Fund. A large number of favorable and encouraging answers was received, all approving the plan proposed. The amount actually contributed for the Diamond Jubilee Fund is $63,697.53. Contributions to the Memorial Chapel Fund have increased this to $80,307.59. We are confident from the enthusiastic spirit with which the suggestion of a Memorial Chapel has been received, that we shall soon be in a position to erect to the memory of the sons of Holy Cross, who served, suffered and died in the service of their country, a monument that will be worthy both of those commemorated and of those who in their generosity have made this memorial possible.

LIST OF CONTRIBUTORS TO JUBILEE FUND

In 1918 a list of the contributors to the Diamond Jubilee Fund was inserted in the *Alumni Bulletin.* This list will be republished later together with the names of recent contributors to both the Jubilee Fund and the Memorial Chapel Fund.

It was stated in last year's *Alumni Bulletin* that:

(a) Gifts to the Fund of One Thousand Dollars or more will constitute the givers *Benefactors,* and their names will be inscribed on memorial tablets in the new building;

(b) Gifts of One Hundred Dollars or more, up to One Thousand Dollars, will constitute the givers *Donors,* and their names will also be suitably commemorated.

This plan will be carried out also in regard to contributors to the Memorial Chapel Fund.

ALUMNI HALL FUND

The statement of contributions to the Alumni Hall Fund from 1904 to January, 1920, tabulated according to years of class graduation, will serve to give the information that has been frequently sought by many interested in the Fund.

With the view, therefore, of showing the record of donations from each class per year and in the total, together with the full amount contributed thus far by all the classes, the present statement is submitted to your careful consideration.

It is hoped that this number of the *Bulletin* may serve as a stimulus to those who have not as yet contributed to the Fund, and that a large number of names may be added to the list before next Commencement.

ANNUAL ALUMNI DUES

A circular was sent to the Graduates and Non-Graduates requesting the payment of one dollar for annual Alumni dues.

This plan of annual assessment was inaugurated by the Officers of the General Alumni Association at the June meeting in 1915. The final results attendant upon the initial effort to make general the payment of the Annual Dues were very satisfactory.

SERVICE RECORD

This number of the *Alumni Bulletin* does not contain the Honor Roll of Alumni and students who served in the War of 1917 for the reason that we are publishing this Spring an official service record. "Holy Cross College in the War of 1917" will contain over 700 pictures and every individual record we have been able to secure. At this writing we have located 936 graduates, former students and present students who were in service, of whom 24 made the supreme sacrifice. Provision has been made in this Service Record for possible additions. Moreover, where we have been unable to secure any picture, a space has been left in the hope that some friend will send us a picture in the near future. The historical value of this Service Record cannot be overestimated.

NEW FEATURES

Attention is called to the following new features which, it is hoped, will make the *Alumni Bulletin* more interesting and increase its usefulness to the Alumni.

In the directory of graduates we have given, when known, both the home and business address, and in the case of the

clergy, we have indicated the address of the church rectory and the name of the church. In the case of members of the teaching profession we have, for the most part, retained the home address, indicating by a number the institution in which each is teaching. At the bottom of the page we have given the name of the institution corresponding to each institution.

As far as possible, we have specified the kind of business, viz., manufacturing, export, salesman, manager, etc., although in the summary of classification by professions, we have, for the sake of comparison with former years, retained the general term "Business."

To identify graduates, former students and others who have received honorary degrees from Holy Cross College, we have added, after the directory of graduates, a complete list of all honorary degrees conferred.

This number of the *Bulletin* contains the Decennial Record of all graduates, which should have been published in 1919. Owing to the unsettled conditions following the War, no attempt was made to publish the Decennial Record last year.

The Decennial Record contains information about the graduates obtained through direct personal requests, from the files of the *Purple,* from city directories and the official Catholic Directory, from secretaries of local alumni associations, from previous numbers of the *Alumni Bulletin,* and from friends of the graduates.

This information is incomplete in many instances, and we shall be very grateful for advice of any necessary corrections or additions.

In addition to the usual brief biographical sketches of members of the Silver Jubilee Class (1895), special mention is made for the first time of the Golden Jubilee Class, which this year is the Class of 1870. Some records of surviving graduates of the Class of 1895 did not reach us.

Attention is called to the class numerals at the top of each page of the Decennial Record. This should be an aid to ready reference.

Besides the chronological list of surviving graduates, we have added a page listing those graduates whose deaths have been recorded since the publication of last year's *Alumni Bulletin.*

The directory of non-graduates has been considerably augmented. A systematic endeavor to include all non-graduates will be made during the coming year.

CONTRIBUTORS

TO THE

ALUMNI HALL FUND

As several graduates have suggested that a list of contributors be published in this *Bulletin* and as no objection has been heard except from a few who would prefer that the amount of their own contributions be not published, we now publish a complete list of all contributors without specification of the amount contributed:

PLAN OF ORGANIZATION

What is considered the most important advance movement made by the Alumni Association since its organization, was the submission and adoption of the following Report of the Executive Committee at the annual meeting, June 22, 1910.

Although a copy of this report was sent to every graduate, there seems to be a general desire to have it reprinted in this number of the *Bulletin.*

REPORT OF EXECUTIVE COMMITTEE OF THE ALUMNI ASSOCIATION, JUNE 22, 1910.

In accordance with a resolution passed at the last Annual Meeting of this Association, referring to the Executive Committee various suggestions for increasing the efficiency of our organization, the following plan of action has been carefully prepared, considered and adopted, and the following steps have been taken to at least initiate its operation:

THE PLAN

1. An auxiliary committee shall assist the Executive Committee in such ways as the latter shall designate.

2. This auxiliary committee shall consist of eighteen members, selected by the Executive Committee from graduates not holding office in the *General* Association and representing the nine branch associations already formed.

3. The joint committee thus constituted shall be divided into three sub-committees, as follows:

   a. On *Entertainments* and *Advertising.*

   b. On *Federation, Statistics* and *co-operation with the College officials.*

   c. On *New Members* and *New Students.*

NOTE.—It is evident to your committee that the desired increase in efficiency can not be secured without the aid of such an auxiliary committee as is proposed.

This committee should be so constituted as to contain a number of graduates who can be easily reached by those members of the Executive

Committee who live in close proximity to the College, and at the same time it should be representative of all the branch associations.

Your Executive Committee now consists, not including the Honorary President, of seven members, namely: the President, two Vice-Presidents, the Secretary-Treasurer, and three additional members.

The joint committee now formed shall therefore consist of twenty-four members.

Each of the three sub-committees into which the joint committee is divided shall consist of eight members, two of whom shall be officers of the general association, one of whom shall act as chairman, and six representatives of branch associations—three holding office and three not holding office in the branch associations represented.

The following are the duties of the sub-committees:

DUTIES OF THE COMMITTEE ON ENTERTAINMENT AND ADVERTISING

1. Co-operation with the twenty-five year class in arrangements for the Annual Alumni Banquet at the College on the night before Commencement.

2. Co-operation with branch associations in arrangement of plans for attendance in a body at the General Reunion, or for joint meetings of neighboring clubs.

3. The introduction of members to one another and to the College officials at all reunions, banquets, etc.

4. Provision for the reception of College teams when visiting other cities.

5. Advertising reunions and banquets in the daily papers and providing photographs of speakers and digests of addresses in advance of the occasion.

6. Gathering and collation of information, with the aid of College officials and of the Committee on Statistics, for an up-to-date account of attendance at the banquet, of business transacted, of the condition of the College and of the Alumni Association, in order that accurate information may be furnished to reporters.

NOTE.—The *purpose* of this committee is *closer* and *more cordial relations* and *more intimate acquaintance* with one another and with the College officials, and a *full* and *accurate presentation to the public of* our members, their position and their work.

DUTIES OF THE COMMITTEE ON FEDERATION, STATISTICS AND CO-OPERATION WITH THE COLLEGE

1. Co-operation with College officials in locating every Holy Cross man who has passed out from the College and is doing creditable work anywhere.

2. Co-operation with the General Secretary and with local secretaries in keeping track of men who change occupation or address.

3. Compilation of statistics showing the growth of the College and of the Alumni Association; for instance:

a. Comparison of present student roll with that of twenty, thirty or fifty years ago.

b. Comparison of present annual graduates with those of twenty, thirty or fifty years ago.

c. Comparison of occupations of graduates, now and formerly.

d. Compilation of places represented on student roll and places not represented, for co-operation with Committee on New Students.

4. Co-operation with branch associations for purpose of closer federation and mutual aid—obtaining from each a list of graduates seeking positions and of places open to good men; selecting the best man for the available position and combining the influence of members and federated clubs to advance him.

5. Co-operation with College officials in swelling the ALUMNI HALL FUND—securing the names of those who have not yet contributed, ascertaining whether or not they can afford to do their share, and reminding those who can of this obligation which the graduates have willingly assumed. Many of the eight hundred who are not contributing might thus be reached and induced to help us in redeeming our promise.

DUTIES OF COMMITTEE ON NEW MEMBERS AND NEW STUDENTS

1. Obtaining from the College, each year, the names and addresses of new graduates, their plans for post-graduate occupation, etc.

2. Invitation of new graduates to join in Alumni gatherings, general and local.

3. Notification to branch associations of new graduates in their vicinity, recommending that they be invited to membership of local clubs without charge the first year.

4. Closely following graduates during their first years, as they pass from professional schools to professions, frequently change address, and stand most in need of the helping hand of older graduates.

5. Co-operation with Committee on Federation for the placing or advancement of new members—in business, teaching, law, medicine, etc.

6. Collection of information about Catholic young men in various high schools—especially schools *not* represented on the College roll of students. Furnishing names and addresses to College Registrar, that he may furnish such students with *Bulletins,* etc. Enlisting the interest of local organizations for co-operation in securing new students.

7. Enlisting the interest of wealthy Catholics in the foundation of full or partial scholarships, in order that deserving and capable students may be able to take advantage of the education offered by the College.

8. Considering ways and means of providing at least some assistance for the large number of Catholic young men who can not afford to pay College expenses and may obtain such assistance at non-Catholic institutions.

REUNIONS

Reunions have been held during the past year by the local associations in New York, Boston, Hartford, Springfield, and Washington.

The general association will meet, as usual, at the College on Tuesday, June 15, 1920, the day before Commencement.

Reunions will be held on that day by the classes of '95, '10, and '15.

There will be a memorial Mass on the morning of Commencement Day at 9 o'clock for deceased Alumni.

The officers for this year in the general and local associations will be found on the following pages.

THE GOLDEN JUBILEE CLASS

1870

The Class of 1870 will celebrate the Fiftieth Anniversary of its graduation this Commencement.

BEAVEN, Thomas D. *address:* 68 Elliott Street, Springfield, Mass. *prof.* Bishop. *b.* March 1, 1851, Springfield, Mass. *s.* Nancy Kelly and Thomas Beaven. *educ.* Holy Cross College, A.B. 1870; Grand Seminary, Montreal, Canada. Received degree of D.D. from Georgetown University, 1889. *activities:* Assistant in St. Mary's Church, Spencer, three years; Pastor for ten years; Pastor of Church of the Holy Rosary, Holyoke, 1888-'92; Appointed Bishop of Springfield, July 31, 1892; Consecrated October 18, 1892. President of Alumni Association, 1894-1907; Honorary President of Alumni Association since 1907. With the clergy of the Springfield Diocese, donor of Beaven Hall, opened in September 1913.

Instead of chronicling the long list of churches, schools, asylums, etc., built during Bishop Beaven's administration, we think no better tribute could be paid to our beloved Bishop than the following extract from *America*, the leading Catholic Journal of this country, on the occasion of the Silver Jubilee of his Episcopal Consecration.

"Time runs quickly and touches some men lightly with a fairy wand, as if to remind them that God has thrown around them a mantle of protection in order to preserve them happy and whole-souled for the accomplishment of a great task. So it has been with Bishop Beaven of Springfield, Mass. Twenty-five years past this October 18th, [1917], he went away from the altar of St. Michael's Cathedral, vested with the fullness of the priesthood, a bishop of the Church. On that day he grasped the handle of the plow, long held firm in his priestly hands, firmer, and has since driven the blade deep into many an acre before untilled. By their fruits his labors can be judged. No man within the limits of the Diocese of Springfield need die 'unshriven, unhouseled and unanealed.' There are priests in abundance to attend to every need and duty. The sigh of the aged, the moan of the sick, the cry of the orphan and foundling are softened by gentle care in unexcelled institutions, and 30,000 children learn to know and love God in innumerable parish schools. The diocese is a veritable city of God, and through it moves a gentle man distinguished from others, not by pomp of power or show of authority but by sweetness of word and cheeriness of laugh, the Bishop to whom so much is due.

"It is no wonder that even Rome, the city of a thousand and one ecclesiastical perplexities, stopped a moment to honor Bishop Beaven. By special Brief the Holy Father appointed him Assistant at the Pontifical Throne, telling him, amongst other things, that the Mexican Bishops had filled the ears of the Holy City with accounts of his superb charity to their unfortunate countrymen in the hour of their greatest distress. The Pope, moreover, sent Bishop Beaven a special message of congratu-

lation, and the illustrious Archbishop Ceretti, Assistant Secretary of State, also paid his tribute of praise and felicitation, while from Switzerland came a letter from the General of the Jesuits, thanking His Lordship of Springfield for his great benefactions to Holy Cross, Worcester, Mass.

"Time is still pursuing its winged flight toward eternity, but it will yet be merciful to this good and great man and leave his face unseamed and his heart young and warm and joyful, so that many, many years hence, when the angels come to lift him aloft to the Father in Heaven, where the light of God's face will be on his brow and the music of golden harps in his heart, he will still be young with the youth that scorns care and sorrow, and knows only the joyouness of the Saints."

DIRECTORY OF NON-GRADUATES

The appended list of Non-Graduate Alumni whose addresses are known is unfortunately very incomplete, but inasmuch as repeated requests for information failed to receive attention, a fuller compilation is therefore at present impossible.

You can, however, very greatly assist the work in sending to the General Secretary of the Alumni Association any knowledge you may possess relative to your former classmates, whose names do not appear in this Directory.

Your earnest co-operation is cordially asked and would be gratefully appreciated.

Holy Cross College Bulletin

Vol. XXI. WORCESTER, MASS., APRIL, 1921. No. 2.

FOREWORD

The purpose of the ALUMNI BULLETIN is to afford a medium through which College affairs that are of interest to the Alumni may be brought to their attention.

BUILDING FUND CAMPAIGN

During the past year the Alumni and friends of the College have conducted successfully a campaign (drive) to raise funds to erect new buildings and extend the College plant to provide, as far as possible, for the ever-increasing number of applicants. The results of the campaign have been most satisfactory. One million dollars was the goal set by the more optimistic; a more conservative estimate was five hundred thousand. Up to the present $961,000 have been reported, and it is safe to say that the million will be reached when several districts have completed campaigns postponed on account of adverse financial conditions.

NEW DORMITORY

As about $400,000 in cash of the campaign fund have already been paid to our campaign treasurer, plans and specifications have been prepared for a new dormitory building, which will duplicate "Alumni Hall" in all essentials. This building would now be in process of construction, if it were not for the disturbed condition of labor and the decreasing cost of building material.

MEMORIAL CHAPEL FUND

The Memorial Chapel Fund, which was collected before the building campaign was begun, has been kept separate from the campaign fund and now amounts to $83,000. It may be that before we come to build a chapel that will be a memorial of Alma Mater's devotion to her brave and noble sons, who served, suffered and died in the service of their country, this present sum may be increased sufficiently by special donations to make it possible to erect the chapel from purely chapel donations.

ALUMNI HALL FUND

As was to be expected, on account of the Building Fund Campaign contributions to the Alumni Hall Fund have been falling off until they have practically reached the vanishing point. It would seem best, therefore, to discontinue urging the Alumni to contribute to this fund, but rather to concentrate attention and interest on the new buildings that are being planned for the near future. There are some, especially of the older graduates, who consider themselves under an obligation to complete the hundred dollar contribution originally pledged for Alumni Hall. Therefore, the fund will still be kept open and contributions will be recorded and published later. At present it is thought better to discontinue the publication of the donors' names in the BULLETIN.

ANNUAL ALUMNI DUES

A circular was sent to the Graduates and Non-Graduates requesting the payment of one dollar for annual Alumni dues.

This plan of annual assessment was inaugurated by the Officers of the General Alumni Association at the June meeting in 1915. The final results attendant upon the initial effort to make general the payment of the Annual Dues were very satisfactory.

SERVICE RECORD

The Holy Cross College Service Record, War of 1917, has been published since the last Alumni Bulletin. This volume of five hundred and twenty-one pages, handsomely bound in purple cloth and printed on heavy glazed paper, lists nine hundred and sixty sons of Holy Cross, graduates, former students who did not graduate, and present students. Eight hundred and fifty records are put down in full, and in nearly every instance the work is accompanied by the individual's picture.

An appendix contains an intensely interesting collection of photographs and records of Holy Cross men in the Civil War. In a comprehensive table of statistics the record of the sons of Holy Cross in the War of 1917 is summarized. A complete alphabetical index aids ready reference.

Every device of the art of the engraver and of the printer was employed to insure an artistic setting for this priceless memorial. The unqualified praise bestowed from all quarters attests the success of our efforts.

The historical value of this publication is unquestioned. And in a few years, that value will be priceless.

An order blank will be found at the back of this number of the *Alumni Bulletin.*

NEW FEATURES

Attention is called to the following new features which, it is hoped, will make the *Alumni Bulletin* more interesting and increase its usefulness to the Alumni.

In the directory of graduates we have given, when known, both the home and business address, and in the case of the clergy, we have indicated the address of the church rectory and the name of the church. In the case of members of the teaching profession we have, for the most part, retained the home address, indicating by a number the institution in which each is teaching. At the bottom of the page we have given the name of the institution corresponding to each number.

As far as possible, we have specified the kind of business, viz., manufacturing, export, salesman, manager, etc., although in the summary of classification by professions, we have, for the sake of comparison with former years, retained the general term "Business."

Besides the chronological list of surviving graduates, we have added a page (*Necrology*) listing those graduates whose deaths have been recorded since the publication of last year's *Alumni Bulletin.*

The directory of non-graduates has been considerably augmented. A systematic endeavor to include all non-graduates will be continued during the coming year.

PLAN OF ORGANIZATION

What is considered the most important advance movement made by the Alumni Association since its organization, was the submission and adoption of the following Report of the Executive Committee at the annual meeting, June 22, 1910.

Although a copy of this report was sent to every graduate, there seems to be a general desire to have it reprinted in this number of the *Bulletin.*

REPORT OF EXECUTIVE COMMITTEE OF THE ALUMNI ASSOCIATION, JUNE 22, 1910.

In accordance with a resolution passed at the last Annual Meeting of this Association, referring to the Executive Committee various suggestions for increasing the efficiency of our organization, the following plan of action has been carefully prepared, considered and adopted, and the following steps have been taken to at least initiate its operation:

THE PLAN

1. An auxiliary committee shall assist the Executive Committee in such ways as the latter shall designate.

2. This auxiliary committee shall consist of eighteen members, selected by the Executive Committee from graduates not holding office in the *General* Association and representing the nine branch associations already formed.

3. The joint committee thus constituted shall be divided into three sub-committees, as follows:

   a. On *Entertainments* and *Advertising.*

   b. On *Federation, Statistics* and *co-operation with the College officials.*

   c. On *New Members* and *New Students.*

NOTE.—It is evident to your committee that the desired increase in efficiency can not be secured without the aid of such an auxiliary committee as is proposed.

This committee should be so constituted as to contain a number of graduates who can be easily reached by those members of the Executive

Committee who live in close proximity to the College, and at the same time it should be representative of all the branch associations.

Your Executive Committee now consists, not including the Honorary President, of seven members, namely: the President, two Vice-Presidents, the Secretary-Treasurer, and three additional members.

The joint committee now formed shall therefore consist of twenty-four members.

Each of the three sub-committees into which the joint committee is divided shall consist of eight members, two of whom shall be officers of the general association, one of whom shall act as chairman, and six representatives of branch associations—three holding office and three not holding office in the branch associations represented.

The following are the duties of the sub-committees:

DUTIES OF THE COMMITTEE ON ENTERTAINMENT AND ADVERTISING

1. Co-operation with the twenty-five year class in arrangements for the Annual Alumni Banquet at the College on the night before Commencement.

2. Co-operation with branch associations in arrangement of plans for attendance in a body at the General Reunion, or for joint meetings of neighboring clubs.

3. The introduction of members to one another and to the College officials at all reunions, banquets, etc.

4. Provision for the reception of College teams when visiting other cities.

5. Advertising reunions and banquets in the daily papers and providing photographs of speakers and digests of addresses in advance of the occasion.

6. Gathering and collation of information, with the aid of College officials and of the Committee on Statistics, for an up-to-date account of attendance at the banquet, of business transacted, of the condition of the College and of the Alumni Association, in order that accurate information may be furnished to reporters.

NOTE.—The *purpose* of this committee is *closer* and *more cordial relations* and *more intimate acquaintance* with one another and with the College officials, and a *full* and *accurate presentation to the public of* our members, their position and their work.

DUTIES OF THE COMMITTEE ON FEDERATION, STATISTICS AND CO-OPERATION WITH THE COLLEGE

1. Co-operation with College officials in locating every Holy Cross man who has passed out from the College and is doing creditable work anywhere.

2. Co-operation with the General Secretary and with local secretaries in keeping track of men who change occupation or address.

3. Compilation of statistics showing the growth of the College and of the Alumni Association; for instance:

a. Comparison of present student roll with that of twenty, thirty or fifty years ago.

b. Comparison of present annual graduates with those of twenty, thirty or fifty years ago.

c. Comparison of occupations of graduates, now and formerly.

d. Compilation of places represented on student roll and places not represented, for co-operation with Committee on New Students.

4. Co-operation with branch associations for purpose of closer federation and mutual aid—obtaining from each a list of graduates seeking positions and of places open to good men; selecting the best man for the available position and combining the influence of members and federated clubs to advance him.

5. Co-operation with College officials in swelling the ALUMNI HALL FUND—securing the names of those who have not yet contributed, ascertaining whether or not they can afford to do their share, and reminding those who can of this obligation which the graduates have willingly assumed. Many of the eight hundred who are not contributing might thus be reached and induced to help us in redeeming our promise.

DUTIES OF COMMITTEE ON NEW MEMBERS AND NEW STUDENTS

1. Obtaining from the College, each year, the names and addresses of new graduates, their plans for post-graduate occupation, etc.

2. Invitation of new graduates to join in Alumni gatherings, general and local.

3. Notification to branch associations of new graduates in their vicinity, recommending that they be invited to membership of local clubs without charge the first year.

4. Closely following graduates during their first years, as they pass from professional schools to professions, frequently change address, and stand most in need of the helping hand of older graduates.

5. Co-operation with Committee on Federation for the placing or advancement of new members—in business, teaching, law, medicine, etc.

6. Collection of information about Catholic young men in various high schools—especially schools *not* represented on the College roll of students. Furnishing names and addresses to College Registrar, that he may furnish such students with *Bulletins,* etc. Enlisting the interest of local organizations for co-operation in securing new students.

7. Enlisting the interest of wealthy Catholics in the foundation of full or partial scholarships, in order that deserving and capable students may be able to take advantage of the education offered by the College.

8. Considering ways and means of providing at least some assistance for the large number of Catholic young men who can not afford to pay College expenses and may obtain such assistance at non-Catholic institutions.

REUNIONS

Reunions have been held during the past year by the local associations in New York, Boston, Hartford, Springfield, Pittsfield, Scranton, Washington and Portland.

The general association will meet, as usual, at the College on Tuesday, June 21, 1921, the day before Commencement.

Reunions will be held on that day by the classes of '96, '11, and '16.

There will be a memorial Mass on the morning of Commencement Day at 9 o'clock for deceased Alumni.

The officers for this year in the general and local associations will be found on the following pages.

After having examined closely this revised Directory of Graduates every Graduate is urgently requested to inform the College officials or the General Secretary of the Alumni of any corrections desired.

If each man will closely scrutinize, at least the names of those of his own year, he may be able to fill in some of the few blanks still remaining, or give information of any changes in occupation and address.

DIRECTORY OF NON-GRADUATES

The appended list of Non-Graduate Alumni whose addresses are known is unfortunately very incomplete, but inasmuch as repeated requests for information failed to receive attention, a fuller compilation is therefore at present impossible.

You can, however, very greatly assist the work in sending to the General Secretary of the Alumni Association any knowledge you may possess relative to your former classmates, whose names do not appear in this Directory.

Your earnest co-operation is cordially asked and would be gratefully appreciated.

The Service Record must make Holy Cross better known and loved."

REV. RICHARD TIERNEY, S.J.,
Editor, *America*,
National Catholic Weekly.

Appendix H. C. in the Civil War

The Service Record is an invaluable historical document. It is a book of *facts*, not fiction. It should find its way into the private library of every alumnus. And if it is placed in public libraries, through the generosity of alumnni and friends, there can be no doubt that Alma Mater will be better known and loved.

Holy Cross College Bulletin

Vol. XXII. WORCESTER, MASS., APRIL, 1922. No. 2.

FOREWORD

The purpose of the ALUMNI BULLETIN is to afford a medium through which College affairs that are of interest to the Alumni may be brought to their attention.

BUILDING FUND

The campaign pledges are being redeemed slowly but surely and up to the present about $525,000 have been paid in cash. The hard times have prevented a few from redeeming pledges, when due, but all have signified their intention to pay later. On account of this same lack of prosperity the campaign officials, who did not make a complete canvass of their districts, are still waiting for better times, when they intend to reach the quotas assigned them. Unless this is done, the building plans proposed at the time of the drive cannot be realized.

NEW DORMITORY

The new dormitory building mentioned in last year's BULLETIN was begun in September and according to contract should be ready for occupancy in September of this year. It will cost, when completed and furnished, about $400,000. It will provide accommodation for one hundred and eighty boarders, eleven large class-rooms and a sub-basement with baths, lockers, canteen and baseball cage.

MEMORIAL CHAPEL

Plans and specifications are being prepared for the Memorial Chapel. All recognize the great need of a chapel where all the students may assemble at the same time. At present all chapel services must be duplicated. The influence of the example of the upper-classmen and of long-standing traditions is weakened because the seniors have separate chapel services. To meet the expense of the new chapel we have the original chapel fund ($85,000) and at present about $50,000 of the drive fund remaining after the completion of the new dormitory. Another $100,000 will have to be realized in redeemed pledges and we are counting on such returns during the coming year. As we cannot build faster than our funds permit, we feel justified in urging contributors to redeem pledges as soon as possible.

ANNUAL ALUMNI DUES

A circular was sent to the Graduates and Non-Graduates requesting the payment of one dollar for annual Alumni dues.

This plan of annual assessment was inaugurated by the Officers of the General Alumni Association at the June meeting in 1915. The final results attendant upon the initial effort to make general the payment of the Annual Dues were very satisfactory.

SERVICE RECORD

The Holy Cross College Service Record, War of 1917, was published two years ago. This volume of five hundred and twenty-one pages, handsomely bound in purple cloth and printed on heavy glazed paper, lists nine hundred and sixty sons of Holy Cross, graduates, former students who did not graduate, and present students. Eight hundred and fifty records are put down in full, and in nearly every instance the work is accompanied by the individual's picture.

An appendix contains an intensely interesting collection of photographs and records of Holy Cross men in the Civil War.

In a comprehensive table of statistics the record of the sons of Holy Cross in the War of 1917 is summarized. A complete alphabetical index aids ready reference.

Every device of the art of the engraver and of the printer was employed to insure an artistic setting for this priceless memorial. The unqualified praise bestowed from all quarters attests the success of our efforts.

The historical value of this publication is unquestioned. And in a few years, that value will be priceless.

An order blank will be found at the back of this number of the *Alumni Bulletin.*

NEW FEATURES

Attention is called to the following new features inaugurated last year. These, it is hoped, will make the *Alumni Bulletin* more interesting and increase its usefulness to the Alumni.

In the directory of graduates we have given, when known, both the home and business address, and in the case of the clergy, we have indicated the address of the church rectory and the name of the church. In the case of members of the teaching profession we have, for the most part, retained the home address, indicating by a number the institution in which each is teaching. At the bottom of the page we have given the name of the institution corresponding to each number.

As far as possible, we have specified the kind of business, viz., manufacturing, export, salesman, manager, etc., although in the summary of classification by professions, we have, for the sake of comparison with former years, retained the general term "Business."

Besides the chronological list of surviving graduates, we have added a page (*Necrology*) listing those graduates whose deaths have been recorded since the publication of last year's *Alumni Bulletin.*

The directory of non-graduates has been considerably augmented. A systematic endeavor to include all non-graduates will be continued during the coming year.

PLAN OF ORGANIZATION

What is considered the most important advance movement made by the Alumni Association since its organization, was the submission and adoption of the following Report of the Executive Committee at the annual meeting, June 22, 1910.

Although a copy of this report was sent to every graduate, there seems to be a general desire to have it reprinted in this number of the *Bulletin*.

REPORT OF EXECUTIVE COMMITTEE OF THE ALUMNI ASSOCIATION, JUNE 22, 1910

In accordance with a resolution passed at the last Annual Meeting of this Association, referring to the Executive Committee various suggestions for increasing the efficiency of our organization, the following plan of action has been carefully prepared, considered and adopted, and the following steps have been taken to at least initiate its operation:

THE PLAN

1. An auxiliary committee shall assist the Executive Committee in such ways as the latter shall designate.

2. This auxiliary committee shall consist of eighteen members, selected by the Executive Committee from graduates not holding office in the *General* Association and representing the nine branch associations already formed.

3. The joint committee thus constituted shall be divided into three sub-committees, as follows:

   a. On *Entertainments* and *Advertising.*

   b. On *Federation, Statistics* and *co-operation with the College officials.*

   c. On *New Members* and *New Students.*

NOTE.—It is evident to your committee that the desired increase in efficiency can not be secured without the aid of such an auxiliary committee as is proposed.

This committee should be so constituted as to contain a number of graduates who can be easily reached by those members of the Executive Committee who live in close proximity to the College, and at the same time it should be representative of all the branch associations.

Your Executive Committee now consists, not including the Honorary President, of seven members, namely: the President, two Vice-Presidents, the Secretary-Treasurer, and three additional members.

The joint committee now formed shall therefore consist of twenty-four members.

Each of the three sub-committees into which the joint committee is divided shall consist of eight members, two of whom shall be officers of the general association, one of whom shall act as chairman, and six representatives of branch associations—three holding office and three not holding office in the branch associations represented.

The following are the duties of the sub-committees:

DUTIES OF THE COMMITTEE ON ENTERTAINMENT AND ADVERTISING

1. Co-operation with the twenty-five year class in arrangements for the Annual Alumni Banquet at the College on the night before Commencement.

2. Co-operation with branch associations in arrangement of plans for attendance in a body at the General Reunion, or for joint meetings of neighboring clubs.

3. The introduction of members to one another and to the College officials at all reunions, banquets, etc.

4. Provision for the reception of College teams when visiting other cities.

5. Advertising reunions and banquets in the daily papers and providing photographs of speakers and digests of addresses in advance of the occasion.

6. Gathering and collation of information, with the aid of College officials and of the Committee on Statistics, for an up-to-date account of attendance at the banquet, of business transacted, of the condition of the College and of the Alumni Association, in order that accurate information may be furnished to reporters.

NOTE.—The *purpose* of this committee is *closer* and *more cordial relations* and *more intimate acquaintance* with one another and with the College officials, and a *full* and *accurate presentation to the public* of our members, their position and their work.

DUTIES OF THE COMMITTEE ON FEDERATION, STATISTICS AND CO-OPERATION WITH THE COLLEGE

1. Co-operation with College officials in locating every Holy Cross man who has passed out from the College and is doing creditable work anywhere.

2. Co-operation with the General Secretary and with local secretaries in keeping track of men who change occupation or address.

3. Compilation of statistics showing the growth of the College and of the Alumni Association; for instance:

a. Comparison of present student roll with that of twenty, thirty or fifty years ago.

b. Comparison of present annual graduates with those of twenty, thirty or fifty years ago.

c. Comparison of occupation of graduates, now and formerly.

d. Compilation of places represented on student roll and places not represented, for co-operation with Committee on New Students.

4. Co-operation with branch associations for purpose of closer federation and mutual aid—obtaining from each a list of graduates seeking positions and of places open to good men; selecting the best man for the available position and combining the influence of members and federated clubs to advance him.

5. Co-operation with College officials in swelling the ALUMNI HALL FUND—securing the names of those who have not yet contributed, ascertaining whether or not they can afford to do their share, and reminding those who can of this obligation which the graduates have willingly assumed. Many of the eight hundred who are not contributing might thus be reached and induced to help us in redeeming our promise.

DUTIES OF COMMITTEE ON NEW MEMBERS AND NEW STUDENTS

1. Obtaining from the College, each year, the names and addresses of new graduates, their plans for post-graduate occupation, etc.

2. Invitation of new graduates to join in Alumni gatherings, general and local.

3. Notification to branch associations of new graduates in their vicinity, recommending that they be invited to membership of local clubs without charge the first year.

4. Closely following graduates during their first years, as they pass from professional schools to professions, frequently change addresses, and stand most in need of the helping hand of older graduates.

5. Co-operation with Committee on Federation for the placing or advancement of new members—in business, teaching, law, medicine, etc.

6. Collection of information about Catholic young men in various high schools—especially schools *not* represented on the College roll of students. Furnishing names and addresses to College Registrar, that he may furnish such students with *Bulletins,* etc. Enlisting the interest of local organizations for co-operation in securing new students.

7. Enlisting the interest of wealthy Catholics in the foundation of full or partial scholarships, in order that deserving and capable students may be able to take advantage of the education offered by the College.

8. Considering ways and means of providing at least some assistance for the large number of Catholic young men who can not afford to pay College expenses and may obtain such assistance at non-Catholic institutions.

REUNIONS

Reunions have been held during the past year by the local associations in New York, Boston, Scranton, Burlington and Syracuse.

The general association will meet, as usual, at the College on Tuesday, June 20, 1922, the day before Commencement.

Reunions will be held on that day by the classes of '97, '12, and '17.

There will be a memorial Mass on the morning of Commencement Day at 9 o'clock for deceased Alumni.

The officers for this year in the general and local associations will be found on the following pages.

After having examined closely this revised Directory of Graduates every graduate is urgently requested to inform the College officials or the General Secretary of the Alumni of any corrections desired.

If each man will closely scrutinize, at least the names of those of his own year, he may be able to fill in some of the few blanks still remaining, or give information of any changes in occupation and address.

DIRECTORY OF NON-GRADUATES

The appended list of Non-Graduate Alumni whose addresses are known is unfortunately very incomplete, but inasmuch as repeated requests for information failed to receive attention, a fuller compilation is therefore at present impossible.

You can, however, very greatly assist the work in sending to the General Secretary of the Alumni Association any knowledge you may possess relative to your former classmates, whose names do not appear in this Directory.

Your earnest co-operation is cordially asked and would be gratefully appreciated.

SERVICE RECORD
WAR OF 1917
HOLY CROSS COLLEGE

Some Opinions:

"This wonderful volume of memories should be in the hands of every alumnus. It should be cherished as a priceless memorial, to be handed on to your children and your children's children."

"The Service Record must make Holy Cross better known and loved."

REV. RICHARD H. TIERNEY, S.J.,
Editor, *America*.
National Catholic Weekly.

Appendix H. C. in the Civil War

The Service Record is an invaluable historical document. It is a book of *facts*, not fiction. It should find its way into the private library of every alumnus. And if it is placed in public libraries, through the generosity of alumni and friends, there can be no doubt that Alma Mater will be better known and loved.

FOREWORD

The purpose of the ALUMNI BULLETIN is to afford a medium through which College affairs that are of interest to the Alumni may be brought to their attention.

BUILDING FUND

The three years within which the campaign pledges were to be paid will end in June of this year. Up to the present we have received about $620,000 from redeemed pledges. It is hoped that the greater part of the unpaid pledges will be redeemed this year. We have begun the Memorial Chapel with this expectation. After the June returns, lists of unredeemed pledges will be forwarded to those who, in different localities, were generous enough to take charge of the campaign and they will be requested to remind those of their localities who have promises unfulfilled.

LOYOLA HALL

The new dormitory building mentioned in last year's BULLETIN was opened to students in September, and has been occupied by the Seniors. The eleven new class-rooms have made it possible to change some of the class-rooms in O'Kane Hall and the Main Building into a chemistry laboratory for quantitative analysis, a Prefect of Discipline's Office with a complete Post Office outfit, a new Treasurer's Office, and a new Graduate Manager's Office.

MEMORIAL CHAPEL

The contract for the new Memorial Chapel was awarded last December, and the excavation was dug before winter set in. The foundation is now nearing completion and it is expected that the building will be completed by December, in accordance with the contract. It is hoped that by the redemption of pledges still unpaid, sufficient funds will be at hand to have the chapel completed without delay. As we cannot build faster than our funds permit, we feel justified in urging contributors to redeem pledges as soon as possible.

ANNUAL ALUMNI DUES

A circular was sent to the Graduates and Non-Graduates requesting the payment of one dollar for annual Alumni dues.

This plan of annual assessment was inaugurated by the Officers of the General Alumni Association at the June meeting in 1915. The final results attendant upon the initial effort to make general the payment of the Annual Dues were very satisfactory.

SERVICE RECORD

The Holy Cross College Service Record, War of 1917, was published two years ago. This volume of five hundred and twenty-one pages, handsomely bound in purple cloth and printed on heavy glazed paper, lists nine hundred and sixty sons of Holy Cross, graduates, former students who did not graduate, and present students. Eight hundred and fifty records are put down in full, and in nearly every instance the work is accompanied by the individual's picture.

An appendix contains an intensely interesting collection of photographs and records of Holy Cross men in the Civil War. In a comprehensive table of statistics the record of the sons of Holy Cross in the War of 1917 is summarized. A complete alphabetical index aids ready reference.

Every device of the art of the engraver and the printer was employed to insure an artistic setting for this priceless memorial. The unqualified praise bestowed from all quarters attests the success of our efforts.

The historical value of this publication is unquestioned. And in a few years, that value will be priceless.

An order blank will be found at the back of this number of the ALUMNI BULLETIN.

SOME NOTABLE CHANGES

Attention is called to the following new features recently inaugurated. These, it is hoped, will make the ALUMNI BULLETIN more interesting and increase its usefulness to the Alumni.

In the directory of graduates we have given, when known, both the home and business address, and in the case of the clergy, we have indicated the address of the church rectory and the name of the church. In the case of members of the teaching profession we have, for the most part, retained the home address, indicating by a number the institution in which each is teaching. At the bottom of the page we have given the name of the institution corresponding to each number.

As far as possible, we have specified the kind of business, viz., mnaufacturing, export, salesman, manager, etc., although in the summary of classification by professions, we have, for the sake of comparison with former years, retained the general term "Business."

Besides the chronological list of surviving graduates, we have added a page (*Necrology*) listing those graduates whose deaths have been recorded since the publication of last year's ALUMNI BULLETIN.

The directory of non-graduates has been considerably augmented. A systematic endeavor to include all non-graduates will be continued during the coming year.

PLAN OF ORGANIZATION

What is considered the most important advance movement by the Alumni Association since its organization, was the submission and adoption of the following Report of the Executive Committee at the annual meeting, June 22, 1910.

Although a copy of this report was sent to every graduate, there seems to be a general desire to have it reprinted in this number of the BULLETIN.

REPORT OF THE EXECUTIVE COMMITTEE OF THE ALUMNI ASSOCIATION, JUNE 22, 1910

In accordance with a resolution passed at the last Annual Meeting of this Association, referring to the Executive Committee various suggestions for increasing the efficiency of our organization, the following plan of action has been carefully prepared, considered and adopted, and the following steps have been taken to at least initiate its operation:

THE PLAN

1. An auxiliary committee shall assist the Executive Committee in such ways as the latter shall designate.

2. This auxiliary committee shall consist of eighteen members, selected by the Executive Committee from graduates not holding office in the *General* Association and representing the nine branch associations already formed.

3. The joint committee thus constituted shall be divided into three sub-committees, as follows:

   a. On *Entertainments* and *Advertising.*

   b. On *Federation, Statistics* and *Co-operation with the College Officials.*

   c. On *New Members* and *New Students.*

NOTE—It is evident to your committee that the desired increase in efficiency cannot be secured without the aid of such an auxiliary committee as is proposed.

This committee should be so constituted as to contain a number of graduates who can be easily reached by those members of the Execu-

tive Committee who live in close proximity to the College, and at the same time it should be representative of all the branch associations.

Your Executive Committee now consists, not including the Honorary President, of seven members, namely: the President, two Vice-Presidents, the Secretary-Treasurer, and three additional members.

The joint committee now formed shall therefore consist of twenty-four members.

Each of the three sub-committees into which the joint committee is divided shall consist of eight members, two of whom shall be officers of the general association, one of whom shall act as chairman, and six representatives of branch associations—three holding office and three not holding office in the branch associations represented.

The following are the duties of the sub-committees:

Duties of the Committee on Entertainment and Advertising

1. Co-operation with the twenty-five year class in arrangements for the Annual Alumni Banquet at the College on the night before Commencement.

2. Co-operation with branch associations in arrangement of plans for attendance in a body at the General Reunion, or for joint meetings of neighboring clubs.

3. The introduction of members to one another and to the College officials at all reunions, banquets, etc.

4. Provision for the reception of College teams when visiting other cities.

5. Advertising reunions and banquets in the daily papers and providing photographs of speakers and digests of addresses in advance of the occasion.

6. Gathering and collation of information, with the aid of College officials and of the Committee on Statistics, for an up-to-date account of attendance at the banquet, of business transacted, of the condition of the College and of the Alumni Association, in order that accurate information may be furnished to reporters.

Note—The *purpose* of this committee is *closer* and *more cordial relations* and *more intimate acquaintance* with one another and with the College officials, and a *full* and *accurate presentation to the public* of our members, their position and their work.

Duties of the Committee on Federation, Statistics and Co-operation with the College Officials

1. Co-operation with College officials in locating every Holy Cross man who has passed out from the College and is doing creditable work anywhere.

2. Co-operation with the General Secretary and with local secretaries in keeping track of men who change occupation or address.

3. Compilation of statistics showing the growth of the College and of the Alumni Association; for instance:

a. Comparison of present student roll with that of twenty, thirty or fifty years ago.

b. Comparison of present annual graduates with those of twenty, thirty or fifty years ago.

c. Comparison of occupation of graduates, now and formerly.

d. Compilation of places represented on student roll and places not represented, for co-operation with Committee on New Students.

4. Co-operation with branch associations for purpose of closer federation and mutual aid—obtaining from each a list of graduates seeking positions and of places open to good men; selecting the best man for the available position and combining the influence of members and federated clubs to advance him.

5. Co-operation with College officials in swelling the Alumni Hall Fund—securing the names of those who have not yet contributed, ascertaining whether or not they can afford to do their share, and reminding those who can of this obligation which the graduates have willingly assumed. Many of the eight hundred who are not contributing might thus be reached and induced to help us in redeeming our promise.

Duties of Committee on New Members and New Students

1. Obtaining from the College, each year, the names and addresses of new graduates, their plans for post-graduate occupation, etc.
2. Invitation of new graduates to join in Alumni gatherings, general and local.
3. Notification to branch associations of new graduates in their vicinity, recommending that they be invited to membership of local clubs without charge the first year.
4. Closely following graduates during their first years, as they pass from professional schools to professions, frequently change addresses, and stand most in need of the helping hand of older graduates.
5. Co-operation with Committee on Federation for the placing or advancement of new members—in business, teaching, law, medicine, etc.
6. Collection of information about Catholic young men in various high schools—especially schools *not* represented on the College roll of students. Furnishing names and addresses to College Registrar, that he may furnish such students with Bulletins, etc. Enlisting the interest of local organizations for co-operation in securing new students.
7. Enlisting the interest of wealthy Catholics in the foundation of full or partial scholarships, in order that deserving and capable students may be able to take advantage of the education offered by the College.
8. Considering ways and means of providing at least some assistance for the large number of Catholic young men who can not afford to pay College expenses and may obtain such assistance at non-Catholic institutions.

REUNIONS

Reunions have been held during the past year by several local Alumni Associations. The general association will meet, as usual, at the College on Tuesday, June 19, 1923, the day before Commencement.

Reunions will be held on that day by the classes of '98, '13, and '18.

There will be a memorial on the morning of Commencement Day at 9 o'clock for deceased Alumni.

The officers for this year in the general and local associations will be found on the following pages.

After having examined closely this revised Directory of Graduates every graduate is urgently requested to inform the College officials or the General Secretary of the Alumni of any corrections desired.

If each man will closely scrutinize, at least the names of those of his own year he may be able to fill in some of the few blanks still remaining, or give information of any changes in occupation and address.

SERVICE RECORD
WAR OF 1917
HOLY CROSS COLLEGE

521 Pages 795 Illustrations

850 Records in Full Detail!

Some Opinions:

"This wonderful volume of memories should be in the hands of every alumnus. It should be cherished as a priceless memorial, to be handed on to your children and your children's children."

REV. JOSEPH N. DINAND, S.J.,
Former President of Holy Cross College.

"As far as we know, this is the first attempt at a *complete* service record to be published by any college."

Boston *Globe*.

Holy Cross . A. T. C. and . N. T. C.

Appendix H. C. in the Civil War

"The Service Record must make Holy Cross better known and loved."

REV. RICHARD H. TIERNEY, S.J.,
Editor, *America*.
National Catholic Weekly.

The Service Record is an invaluable historical document. It is a book of *facts*, not fiction. It should find its way into the private library of every alumnus. And if it is placed in public libraries, through the generosity of alumni and friends, there can be no doubt that Alma Mater will be better known and loved.

EDITOR, SERVICE RECORD,
